With over 8 years of experience in real estate development in Trivandrum and with a growing list of satisfied customers, Cordon Builders is positioned as one of the best builders in Trivandrum. We develop prestigious projects in the most premium locations of Trivandrum. We have handed over around 5 Lakh sq.ft residential and commercial areas in the period 2012 to 2020. It was not just a miracle that happened in a day that made us emerge as the most sought after brand in the real estate world of Kerala. Our commitment towards our customers, preservation of quality standards, timely delivery and above all the appreciation of our property values which has helped us in selling our new products with only one method of advertisement-ie through Our Existing Customers. Our projects reflect.
